# SEATING PHILOSOPHY

“L’immagine che vedete a fondo pagina è stata presa in occasione di una mia lezione tenuta alla facoltà di Architettura a Kiev qualche tempo fa. È stato per me un momento bellissimo, ovvero quello di avere avuto l’occasione di ripercorrere con gli studenti presenti la storia del design, da Bauhaus al disegno scandinavo degli anni cinquanta, da Memphis al Daily aesthetics del nostro millennio. Ho collegato questo all’influenza culturale che detti movimenti hanno avuto anche nella mia azienda, in termini di design e di materiali e questo è stata una eccellente base di partenza per iniziare una prima discussione insieme. Le informazioni che ho poi dato sui nostri test di controllo qualità, sia sui componenti che sul prodotto finito, di durata, di resistenza all’uso, e di ergonomia sono stati il secondo argomento di confronto. Ho sottolineato poi la grande attenzione che in Tonon diamo ai dettagli. Il dettaglio, che può essere tecnico o di decorazione, va utilizzato sempre con grande attenzione e, come spesso i clienti mi sentono ripetere, la differenza tra un bel prodotto ed uno normale nel nostro settore è una questione di soli pochi millimetri. Ne consegue che l’attività quotidiana di ricerca, la collaborazione con i designer, il confronto continuo con l’ufficio tecnico, il lavoro di staff, la coerenza stilistica, l’attenzione ai costi (e di

conseguenza l'obiettivo di industrializzare al meglio ogni singolo componente) sono tutti elementi del nostro sforzo quotidiano per raggiungere il massimo della qualità. Tutto questo può essere ottenuto solo come risultato di sintesi di tutti i fattori sopra indicati".

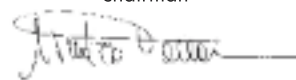

"The picture shown in the previous page as been taken when I lectured some time ago at the Kiev Architectural University. I had the opportunity to go over the history of design, from Bauhaus to the influence of the Scandinavian design of the fifties, from Memphis to the daily aesthetics of the present millennium. Connecting this to the cultural influences these movements had also in my company, in terms of design and materials, this was an excellent background to start a discussion. The information I gave them about our quality, endurance and ergonomic tests were also a matter for discussion.

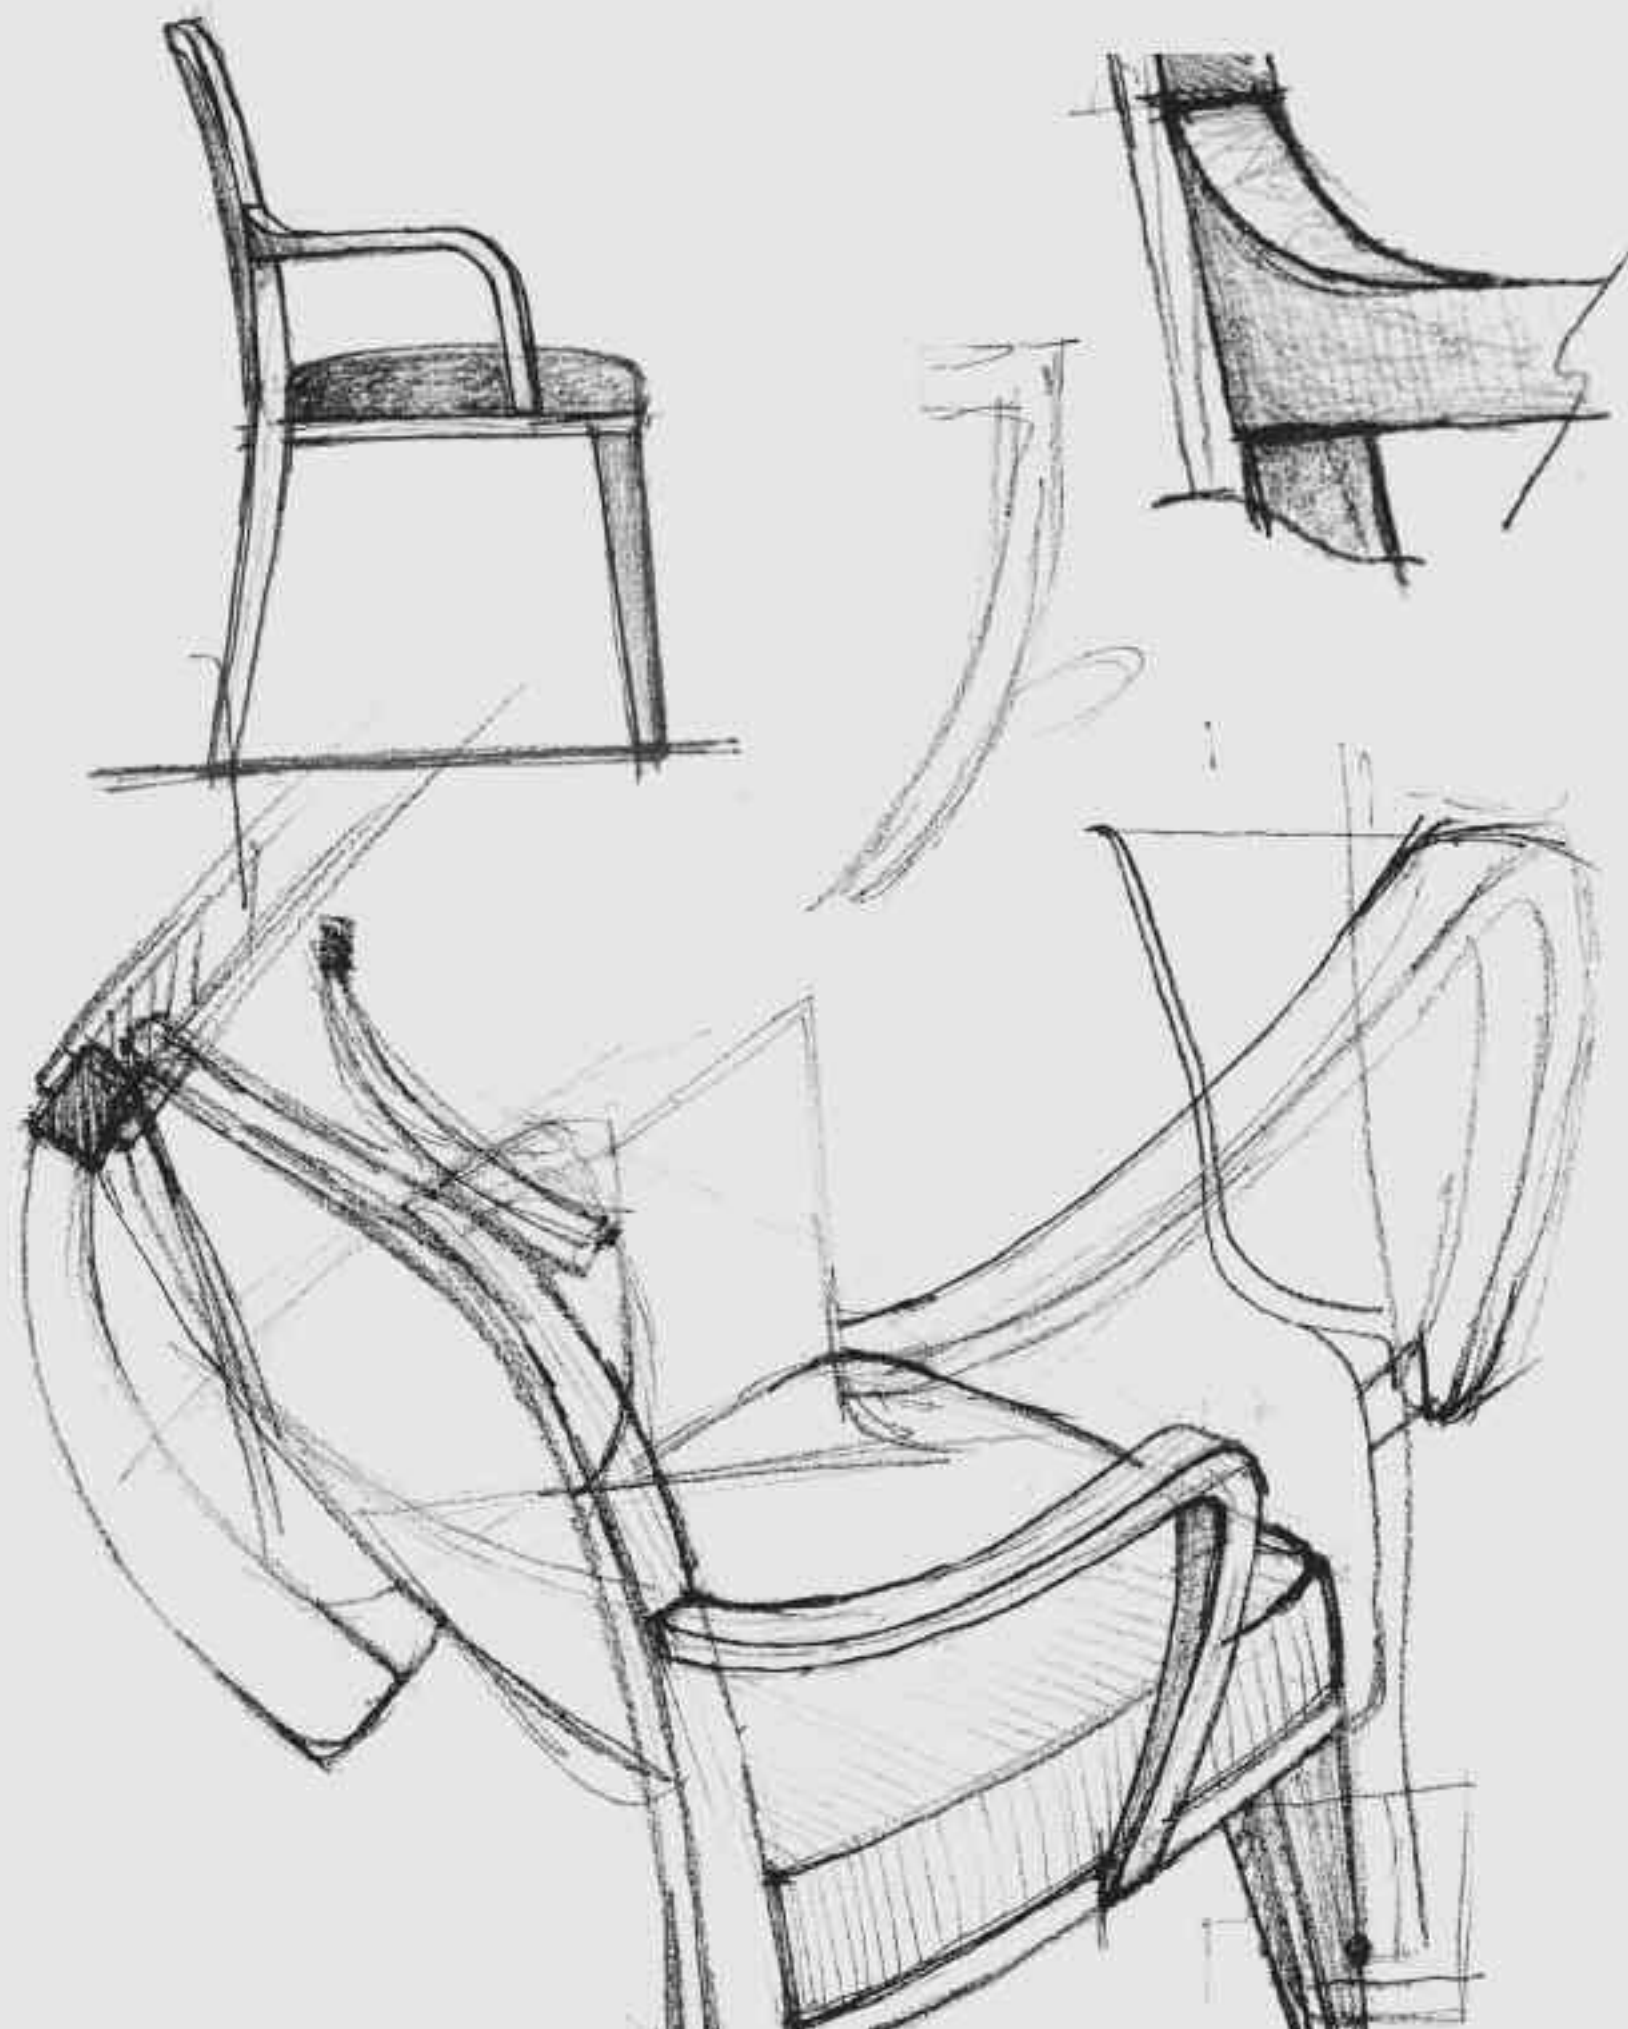

Finally I emphasized the huge importance we give to each detail.

It can be technical or decorative but always it has to be used with great care.

As I often reiterate to our customers, the difference between a great product and a ordinary one, in our sector, is the detail. It follows that the daily research activity, the cooperation with the designers, the comparison with the technical department, the team working, the stylistic consistency, the attention to the costs and consequently the aim of industrializing in the best way every single component, are all elements of our daily effort to achieve the maximum in quality. All this can only be achieved as a result of working within these elements".

Sandro Tonon  
chairman

Tonon é dal 1926 un marchio affermato nel settore delle sedute, sinonimo di "made in Italy", design, qualità. Caratteristiche che arrivano da lontano: le origini risalgono agli anni 20, anni di scrupoloso e creativo artigianato. Anche con l'industrializzazione degli anni cinquanta non venne mai meno il "piacere del pensare e del fare".

L'oggi di Tonon si basa sulla ricerca e sulla sperimentazione, su fattori culturali e di marketing, su nuovi materiali e nuove tecnologie. Il tutto con cuore artigianale e mente imprenditoriale, in un mix che assicuri una vita migliore quando siamo seduti in relax o attorno ad un tavolo.

Comuni denominatori dei prodotti Tonon sono la capacità arredativa e la loro perfetta ergonomia.

Siano questi di concezione romantica o di memoria piuttosto che di innovativo design o di pura tendenza, sono sempre proposte originali, mai banali, connotate da una tecnologia forte ed evoluta.

Prodotti pensati e destinati a mercati e culture internazionali, a stili di vita e quotidianità tra loro anche molto diversi.

Since 1926 Tonon has continued to be a well-known brand in the world of seating, reliable and synonymous with design and quality "made in Italy". Characterizing features that come from the past: their origins date back to the twenties, include years of careful and creative manufacturing.

Even after the industrialization of the fifties, the pleasure of "thinking and making" never stopped. Tonon today bases itself on research and development, on new materials and technologies; but with a craftsman's heart and an industrial mind, a combination ensuring a better life when seated, either relaxing or around a table. Tonon products have the great ability to enhance interior decoration.

Even when romantic or classic rather than innovative or trendy, they are always original proposals with a contemporary idea and combined with innovative technology.

Products for international markets, with different cultures and living styles, made equal by good taste, sensitivity and elegance.

# PROGETTI D'AUTORE

## DESIGNER CREATIONS

Prodotti d'autore: firme importanti del design internazionale che studiano e propongono nuovi progetti per l'arredamento. Sono designers che collaborano stabilmente con Tonon, professionisti di fama e capacità riconosciute, di grande sensibilità estetica e funzionale, capaci di proposte innovative e concrete ad un tempo. In armonia con la dichiarata filosofia Tonon: proporsi ad un mercato internazionale in modo esclusivo.

Designer's products: important international architects study proposing new designs for furnishing domestic, commercial and leisure interiors. They are designers who cooperate permanently with Tonon. Professional people with recognized reputations and skills, of great aesthetic and functional sensitivity capable of innovative and practical proposals at the same time. In harmony with the declared Tonon philosophy: to present itself to an international market in an exclusive and dedicated way.

# PRODOTTI SU MISURA

## CUSTOMIZED PRODUCTS

Parallelamente all'organizzazione della filiera produttiva, opera in Tonon una squadra che risponde alla continua e crescente domanda di prodotti su misura, in particolare nel settore dell'ospitalità (dell'hotellerie, dell'accoglienza). Tonon è in grado di collaborare efficacemente con le aziende committenti e con gli studi di progettazione d'interni ideando e realizzando variabili di prodotto sia in termini di misure che di caratteristiche di forma e di funzione: un sicuro contributo alla razionalità e alla personalità dell'abitare contemporaneo.

In parallel to the organization of the production chain, in Tonon works a team which responds to the continuous and increasing demand of customized products, especially in the horeca business (hotels, restaurants, cafeterias). Tonon is able to collaborate efficiently with the customers and with the design studios creating new product versions, both in dimensions and in structure or purpose characteristics. This is surely a contribution to the rationality and to the personality of the contemporary living style.

Il dettaglio che rende particolare la versione di sedia e poltrona con schienale in legno è la maniglia in acciaio nello schienale, che ne facilita la movimentazione.

“Timeless elegance”, Diva can be described in this way. Diva can be used in many different interior schemes. The wooden seating program includes three dining chairs and armchairs with steel armrests, one lounge and three barstools. The steel handle in the rear back is not just a detail of design; it has a practical function as well, as you can easily move Diva to and from the dining table.

# 103 LUXURY

Design Fabrizio Gallinaro

BRAND OF PROTOTIPO 2010

La poltroncina Luxury ha la scocca in multistrato completamente imbottita. Le gambe sono in legno massello di faggio. L'imbottitura dello schienale è capitonné, eseguita completamente a mano.

The Luxury name already transmits its own style, elegance and richness; organic shapes, coming from the past. Luxury armchairs have a shell in stratified beech wood and are fully upholstered. The legs are in solid beech wood. The "capitonné", as we find in the back, is a typical way of upholstery of the early 19th century. It is of course fully hand-made and this detail is today, as in the past, very distinguished and elegant.

Una reinterpretazione della sedia medaillon, ispirata alla cultura francese del diciassettesimo secolo. Si può scegliere tra dimensioni di prodotto più ampie oppure più contenute, tra sedie, poltrone, lounge, divanetti e sgabelli. Lo schienale con la sua flessibilità offre un confort molto gradevole.

A new interpretation of the medallion chair, inspired by the French culture of the seventeen century. A complete collection : nothing is missing in order to satisfy any needs. You can choose from different versions, in wider or smaller dimensions, chairs, armchairs, lounges, sofas and barstools. The oval back, with its flexibility, due to its special steel connection with the seat , gives to the guests great comfort.

# 126 BAROCCA

Design Fabrizio Gallinaro

Barocca è un prodotto ispirato dallo stile classico con una interpretazione assolutamente attuale. La ampia lounge ha la struttura in legno massello, con fianchi imbottiti con un confort della seduta veramente interessante.

Barocca is a product inspired by the classical style, with an up-to-date interpretation. The wide lounge chair has a solid wooden frame, with padded sides. The seat comfort is excellent.

# 122 LA SALLE

Design Peter Kern

Seduta classica reinterpretata con ironica attualità, in legno massello.  
Il programma comprende sedia e sgabello.

Inspired from the past with a new restyling: chair and barstool in massive wood.
